

California Biodiversity Council
Reoccurring Regional Conservation Assessments and Strategies by Member Agencies

Agency	Planning Project Name	Goals	Schedule	Contacts	Links
State Agencies					
Air Resources Board	Climate Change Scoping Plan: A framework for change	Provides a framework for California's approach for addressing climate adaptation			http://www.arb.ca.gov/cc/scopingplan/document/scopingplandocument.htm
	Strategic Plan	provide a framework and guidance for CARB work	Last update 2013		www.arb.ca.gov/research/apr/plan/ltplan/spla0403.pdf
Board of Forestry and Fire Protection	California Fire Plan	Provide goals and strategies for reducing the risks from wildfire	Updated every five years, next plan TBD	David Shew	http://cdfdata.fire.ca.gov/fire_er/fpp_planning_cafireplan
Delta Stewardship Council	Delta Plan	Achieve the coequal goals of providing a more reliable water supply for California and restoring the Delta ecosystem, in a manner that protects and enhances the Delta as an evolving place.	Completed in 2013. Must be updated at least every five years, i.e., by 2018.	Taryn Ravazzini, Delta Plan Interagency Implementation Committee Coordinator, Delta Stewardship Council; taryn.ravazzini@deltacouncil.ca.gov; 916-445-0134	http://deltacouncil.ca.gov/delta-plan-0
Caltrans	California Transportation Plan 2040	Statewide transportation policy framework to reach CA greenhouse gas reduction goals to maintain the state's transportation system to promote social equity, healthy environment, and vibrant economy	CTP 2040 due at end of 2015, with 5 year update due in 2020	Gabriel Corely, Office of State Planning, CalTrans	http://www.dot.ca.gov/hq/tpp/california/transportationplan2040/Documents/index_docs/CTP_ReportPublicDraft_03022015.pdf#zoom=75
	State Highway Operations and Protection Program (SHOPP) Advance Mitigation Program (SHOPP .240 Advance Mitigation)	The SHOPP 10-Year Needs Plan is updated every 2-years during odd-numbered years. Cost, scope and schedule for projects determined by June 30 of odd-numbered years. Projects programmed and design/environmental commences during July of even-numbered years.	June 2015: Unconstrained list of mitigation projects to be resourced for determining cost, scope and schedule produced for 2018 SHOPP. June 2015: Cost, scope and schedule for mitigation projects in the 2016 SHOPP finalized. July 2016: 2016 SHOPP advance mitigation projects begin design/environmental work.	Keith Robinson, Landscape Architecture, Caltrans HQ	http://www.dot.ca.gov/hq/transprog/shopp.htm
Cal Fire (FRAP)	Forest and Rangeland Assessment	Statewide Assessment to inform state policies on Forest and Range Lands	Prepared every five years. Next July - Sep, 2016	Chris Keithley, chris.keithley@fire.ca.gov, 916.445.5344	http://frap.fire.ca.gov/assessment/index.php
Coastal Conservancy	Strategic Plan 2013-2018	Provides a framework and guidance for operations of the Coastal Conservancy	Prepared every 5 years		http://scc.ca.gov/webmaster/ftp/pdf/SCC_Strat_Plan_Board_Approved_2013.pdf

Department of Conservation	Farmland Mapping and Monitoring Program	The Farmland Mapping and Monitoring Program (FMMP) produces maps and statistical data used for analyzing impacts on California's agricultural resources. The maps are updated every two years with the use of a computer mapping system, aerial imagery, public review, and field reconnaissance.	Biennial		http://www.conservation.ca.gov/dlrp
	California Land Conservation Act (Williamson Act) Report	The 2014 Land Conservation Act Status Report is now available. The report provides information to the Legislature and general public on the implementation of the Act by counties and cities. Data is collected through the yearly LCA and Open Space Subvention Act Survey.	Biennial		http://www.conservation.ca.gov/dlrp
	California Geological Survey - 2010 State Geologic Map of California		Periodic		http://www.conservation.ca.gov/cgs/cgs_history/Pages/2010_geologicmap.aspx
	Seismic Hazard Zonation Program		Ongoing		http://www.conservation.ca.gov/cgs/hzp/Pages/Index.aspx
	Aggregate Sustainability in California - Map Sheet 52, Updated 2012		Periodic		http://www.conservation.ca.gov/cgs/minerals/mlc/Pages/index.aspx
	Landslide Map Index		Periodic		http://www.conservation.ca.gov/cgs/geologic_hazards/landslides/Pages/Index.aspx
	List of CA mines	The Office of Mine Reclamation periodically publishes a list of mines regulated under SMARA.	Periodic		http://www.conservation.ca.gov/omr
	Various - gas well reports	All California oil and gas wells are permitted, drilled, operated, maintained, plugged and abandoned under requirements and procedures administered by the Department of Conservation's Division of Oil, Gas, and Geothermal Resources (DOGGR).	Periodic		http://www.conservation.ca.gov/dog

ATTACHMENT A

Agency	Planning Project Name	Goals	Schedule	Contacts	Links
	Various - mineral resources reports	The State Mines and Geology Board represents the State's interest in the development, utilization and conservation of mineral resources; reclamation of mined lands; development of geologic and seismic hazard information; and to provide a forum for public redress.	Periodic		http://www.conservation.ca.gov/smgb
Energy Commission	California Energy Action Plan		Completed in 2008		www.energy.ca.gov/energy_action_plan/
Environmental Protection Agency	Strategic Vision		Completed in 2000		www.calepa.ca.gov/border/Documents/strategic_entire.pdf#sthash.PGdlvQTZ.dpuf
Department of Fish and Wildlife	State Wildlife Action Plan	Provides a framework and priorities to guide conservation of plants and animals in California	Revised Fall of 2015	agonzales@wildlife.ca.gov	http://www.wildlife.ca.gov/SWAP/
	Central/Coastal Orange County NCCP	An NCCP identifies and provides for the regional protection of plants, animals, and their habitats, while allowing compatible and appropriate economic activity.	Permitted in July, 1996	Natural Communities Coalition	http://occonservation.org/
	Coachella Valley Multiple Species Habitat Conservation Plan	An NCCP identifies and provides for the regional protection of plants, animals, and their habitats, while allowing compatible and appropriate economic activity.	Permitted in September, 2008	Coachella Valley Association of Governments	http://www.cvmshcp.org/
	East Contra Costa County NCCP	East Contra Costa County NCCP	An NCCP identifies and provides for the regional protection of plants, animals, and their habitats, while allowing compatible and appropriate economic activity.	Permitted in August, 2007	East Contra Costa County Habitat Conservancy
	San Diego Multiple Species Conservation Program	San Diego Multiple Species Conservation Program	An NCCP identifies and provides for the regional protection of plants, animals, and their habitats, while allowing compatible and appropriate economic activity.	City of Poway Subarea permitted in 1996; County of San Diego Subarea in 1997; City of San Diego Subarea in 1997; City of La Mesa Subarea in 1999	County of San Diego
	San Diego Multiple Habitat Conservation Program	An NCCP identifies and provides for the regional protection of plants, animals, and their habitats, while allowing compatible and appropriate economic activity.	City of Carlsbad Subarea permitted in 2004	San Diego Association of Governments	http://www.sandag.org/index.asp?projectid=97&fuseaction=projects_detail

	San Diego County Water Authority NCCP	An NCCP identifies and provides for the regional protection of plants, animals, and their habitats, while allowing compatible and appropriate economic activity.	Permitted in December, 2011	San Diego County Water Authority	http://www.sdcwa.org/nccp-hcp
	Santa Clara Valley Habitat Plan	An NCCP identifies and provides for the regional protection of plants, animals, and their habitats, while allowing compatible and appropriate economic activity.	Permitted in July, 2013	Santa Clara Valley Habitat Agency	http://scv-habitatagency.org/
	Western Riverside Multiple Species Conservation Plan	An NCCP identifies and provides for the regional protection of plants, animals, and their habitats, while allowing compatible and appropriate economic activity.	Permitted in June, 2004	Western Riverside County Regional Conservation Authority	http://wrc-rca.org/
	Butte Regional Conservation Plan	An NCCP identifies and provides for the regional protection of plants, animals, and their habitats, while allowing compatible and appropriate economic activity.	In Progress -- Public Review Draft released in 2015	Butte County Association of Governments	http://www.buttehcp.com/
	Imperial Irrigation District NCCP	An NCCP identifies and provides for the regional protection of plants, animals, and their habitats, while allowing compatible and appropriate economic activity.	In Progress	Imperial Irrigation District	http://www.iid.com/water/library/gsa-water-transfer/environmental-assessments-permits/hcp-nccp-process
	Mendocino Redwood Company NCCP	An NCCP identifies and provides for the regional protection of plants, animals, and their habitats, while allowing compatible and appropriate economic activity.	In Progress -- Administrative (pre-public) Draft stage	Mendocino Redwood Company	http://www.hrllc.com/
	Orange County Transportation Authority NCCP	An NCCP identifies and provides for the regional protection of plants, animals, and their habitats, while allowing compatible and appropriate economic activity.	In Progress -- Public Review Draft released in 2015	Orange County Transportation Authority	http://www.octa.net/Projects-and-Programs/Measure-M/Measure-M2-(2011-2041)/Freeway-Mitigation/Resource-Management-Plans/
	Rancho Palos Verdes NCCP	An NCCP identifies and provides for the regional protection of plants, animals, and their habitats, while allowing compatible and appropriate economic activity.	In Progress	City of Rancho Palos Verdes	http://www.rpvca.gov/490/Palos-Verdes-Nature-Preserve-NCCP-PUMP-H
	Placer County Conservation Plan	An NCCP identifies and provides for the regional protection of plants, animals, and their habitats, while allowing compatible and appropriate economic activity.	In Progress -- Administrative (pre-public) Draft stage	County of Placer	http://www.placer.ca.gov/Departments/CommunityDevelopment/Planning/PCCP.aspx

Public Utilities Commission	Water Action Plan		Revised in 2008		http://www.cpuc.ca.gov/PUC/hottopics/3Water/051109_wateractionplan.htm
Sierra Nevada Conservancy	Strategic Plan	Provides guidance for the operations of the SNC	Revised in 2013		http://www.sierranevada.ca.gov/about-us/docs/2013stratplan.pdf
	Climate Action Plan for the Sierra Nevada		Revised in 2009		http://www.sierranevada.ca.gov/docs/climate_action_plan-1.pdf
	Save Our Forests Initiative	Provides guidance for the restoration of Sierra Nevada forests	In prep		http://www.sierranevada.ca.gov/our-work/sierra-nevada-wip/wipsummit
Department of Water Resources	Central Valley Flood Protection Plan (CVFPP)	The Central Valley Flood Management Planning (CVFMP) Program is an effort to improve flood management in California's Central Valley and provides the structure for implementation of the 2012 Central Valley Flood Protection Plan (CVFPP). The CVFMP is assisting in the planning and coordination of major implementation actions of the 2012 CVFPP, including two Basin-wide Feasibility Studies, locally-led Regional Flood Management Planning, and the Central Valley Flood System Conservation Strategy. Each of these planning efforts will be incorporated into the next update of the CVFPP.	Updated every five years. Next CVFPP is scheduled for adoption in 2017. Prepared with input from federal, state, regional, and local agencies with interests in the Central Valley.	Michael Mierzwa Chief, Flood Planning Michael.Mierzwa@water.ca.gov (916) 574 - 0944	http://www.water.ca.gov/cvfmp/
	California Water Plan	The <i>California Water Plan</i> provides a collaborative planning framework for elected officials, agencies, tribes, water and resource managers, businesses, academia, stakeholders, and the public to develop findings and recommendations and make informed decisions for California's water future.	Updated every 5 years. Next update is scheduled to be completed by 2018.	Kamyar Guivetchi (916) 653-3937. Email: Kamyar.Guivetchi@water.ca.gov	http://www.waterplan.water.ca.gov/
	Drought Contingency Plan	Planning and implementation document which may be used to assist agencies in preparing for, responding to, and recovering from drought.	Completed in 2010		http://www.water.ca.gov/waterconditions/docs/Final_CA_Drought_Contingency_Plan-11-18-2010a.pdf
	State Water Project Strategic Plan

Federal Agencies					
Bureau of land Management	BLM Alturas Resource Management Plan	Provides land management direction for BLM lands	Last Plan 2008, update beginning in 2015	Alturas Field Office, 530.233-4666	Link
	California Coastal National Monument Resource Management Plan	The RMP identifies the direction for the conservation and management of off-shore public lands administered by the BLM within the Arcata, Ukiah, Hollister, Bakersfield and Palm Springs/South Coast Resource Areas in coastal southern, central and northern California.		David Ledig, BLM CCNM Office	www.blm.gov/ca/ccnm
	California Coastal National Monument Resource Management Plan Amendment	The RMP amendment will identify the direction for the conservation and management of on-shore public lands administered by the BLM within the Point Arena-Stornetta Unit of the California Coastal National Monument that is within the Ukiah Resource Area in coastal northern California.	NEPA will be initiated in 2015	David Ledig, BLM CCNM Office	www.blm.gov/ca/ccnm
	Northern California Climate Vulnerability Assessment Project (BLM and USFS partnership)	Provide climate vulnerability assessments and strategies to support BLM and USFS plan revisions (BLM Redding and Arcata Field Office Areas and portions of the Ukiah FO area)	Internal coordination Fall 2015 and workshop starting Spring 2016. Documents completed 2016/2017	Miriam Morrill, BLM CA State Office 916-978-4648	coming soon
	Desert Renewable Energy Conservation Plan	Help provide effective protection and conservation of desert ecosystems while allowing for the appropriate development of renewable energy projects.	Jan. 2016 Finalized FEIS signing of ROD	Vicki Campbell, BLM California State Office	http://drecp.org/

ATTACHMENT A

Agency	Planning Project Name	Goals	Schedule	Contacts	Links
	West Mojave (WEMO) Route Network Project and Plan Amendment	The West Mojave Route Network Project (WMRNP) is a travel management planning effort covering 9.24 million acres in the West Mojave area of the California desert. The supplemental plan has two broad sets of goals: Access Management (overall travel and transportation management strategy) and Livestock Grazing (additional livestock grazing alternatives that may enhance long-term conservation goals identified in the 2006 West Mojave Plan).	Public comments on draft plan due June 4, 2015.	Jane Arteaga, BLM California State Office	http://www.blm.gov/ca/st/en/fo/cdd/west_mojave_wemo/wmDEIS.html
	Nevada and Northeastern California Sub-Regional Greater Sage-Grouse Resource Management Plan Amendment/EIS	For the purposes of this planning effort, the Western Region is divided into four sub-regions: Northeastern California and Nevada; Oregon; Idaho and Southwestern Montana; and Utah. Each sub-region will undertake an EIS covering its territory. Each sub-region-specific EIS will have its own strategy to address sagebrush issues and will address the impacts of amending all pertinent RMPs with that guidance.	Draft EIS closed on Wednesday January 29, 2014	Jeremiah Karuzas, BLM California State Office	http://www.blm.gov/wo/st/en/prog/more/sagegrouse/california.html
	The Draft National Seed Strategy for Rehabilitation and Restoration is available for review	THE SEED STRATEGY will foster collaboration between private, tribal, state, local, and federal partners to guide the development, availability, and use of seed needed for timely and effective restoration. The Strategy will include four goals, with associated objectives and initial actions (2015-2020) to improve seed supplies for restoring healthy and productive native plant communities.	Comments on draft due Monday, June 1, 2015.	Christina Lund, BLM California State Office	http://www.blm.gov/ut/st/en/prog/more/CPNPP/0/seedstrategy.html
	Arcata and Redding Field Offices- Combined Resource Management Plan Amendment	The RMP identifies the direction for the management of public lands and Federal mineral estate administered by the BLM within the Arcata and Redding Resource Areas in northern and central California.	TBD	Sandra McGinnis, BLM California State Office

Agency	Planning Project Name	Goals	Schedule	Contacts	Links
National Park Service	Rim of the Valley Corridor	Study of potential boundary expansion of Santa Monica Mountains NRA. Criteria used to guide boundary expansion includes to protect significant lands, to address operational and management issues, and otherwise protect park resources that are critical to fulfilling park purposes.	Is draft plan as of April 2015. Schedule is variable and go through public review and comment.	Marsha_Crusius@nps.gov ; 415-623-2310	
	Joshua Tree Eagle Mountain Boundary study	Study examines the cultural, historic and natural significant of this study area lands to determine whether they contribute to the purpose of Joshua Tree NP. Criteria used to guide boundary expansion includes to protect significant lands, to address operational management issues, and otherwise protect park resources that are critical to fulfilling park purposes.	No plan has been developed as yet. The park is in the public scoping phase of the study process.	Marsha_Crusius@nps.gov; 415-623-2310	
US Forest Service	National Forest "Land and Resource Management Plans" (old term) and "Land Management Plans" (new term)	Provide a programmatic framework to guide future site-specific projects and decisions for each National Forest unit. Sets Desired Conditions, Objectives (rates of progress towards desired conditions), Standards, and Guidelines. Identifies management areas or geographic areas to which specific plan direction applies. Identifies watersheds that are a priority for restoration or maintenance. Includes a monitoring program.	Variable. Individual forest plans must be revised every 15 years but should be amended as needed. Inyo, Sequoia, and Sierra NFs currently in revision. Others to be initiating revision in next few years.	Don Yasuda dyasuda@fs.fed.us	http://www.fs.usda.gov/main/r5/landmanagement/planning or See individual national forest web pages
Others					
Forest Carbon Assessment Team (CalFire - lead)	Forest Carbon Plan	Develop a plan to enhance carbon storage, emission avoidance/reduction and enhance co-benefits on forest lands.	Fall, 2016	Chris Keithley, chris.keithley@fire.ca.gov, 916.445.5344	http://www.fire.ca.gov/fcat/

ATTACHMENT A

Agency	Planning Project Name	Goals	Schedule	Contacts	Links
California LCC	California Landscape Conservation Cooperative - Strategic Plan	Inform and promote integrated science, natural resource management and conservation to address impacts of climate change and other stressors within and across ecosystems.	2018	Debra Schlafmann, debra_schlafmann@fws.gov	http://californialcc.org/about-us/business-documents
	California Landscape Conservation Cooperative - Science-Management Framework	Provide scientific support for natural resource managers to incorporate climate-smart conservation strategies into their management actions.	2020	Rebecca Fris, rebecca_fris@fws.gov	http://californialcc.org/about-us/business-documents
	California Landscape Conservation Cooperative - Communication Framework	Support collaborative climate-smart conservation and development of partnerships.	2020	Andrea Graffis, andrea_graffis@fws.gov	http://californialcc.org/about-us/business-documents
	Landscape Conservation Cooperative Network Strategic Plan	Conserve and maintain landscapes and seascapes capable of sustaining natural and cultural resources for current and future generations	2019	Debra Schlafmann, Debra_schlafmann@fws.gov	http://lccnetwork.org/strategic-plan
	Central Valley Landscape Conservation Project	In partnership with natural resource managers and scientists, identify climate-smart conservation actions that will maximize the adaptive capacity of priority species, habitats, and ecosystems to support an ecologically connected Central Valley landscape.	TBA	Debra Schlafmann, Debra_schlafmann@fws.gov	http://californialcc.org/central-valley-landscape-conservation-project
	California Climate Commons	Starting point for discovery of climate change data and related resources, information about the science that produced it, and guidance for applying climate change science to conservation in California.	TBA	Deanne DiPietro, ddipietro@pointblue.org	http://climate.calcommons.org/
	Implementing Climate-Smart Restoration along California's Central Coast	Develop a suite of climate-smart restoration practices in the Central Coast ecoregion and pilot those practices on the Upper Pajaro River.	TBA	Rebecca Fris, rebecca_fris@fws.gov	http://climate.calcommons.org/project/implementing-climate-smart-restoration-along-californias-central-coast
	Incorporating Climate-Smart Adaptive Strategies into Wetlands Recovery in Coastal Southern California	Develop a method for managers to assess climate change-associated vulnerabilities at specific wetland locations by using the most appropriate tools to develop restoration and management priorities.	TBA	Rebecca Fris, rebecca_fris@fws.gov	http://climate.calcommons.org/project/incorporating-climate-smart-adaptive-strategies-wetlands-recovery-coastal-southern
